Year - 2015 to 2020 CGPA - 7.38

PROJECTS

Outlier Analysis

This project focuses on finding the outliers and analysing them in different segments or types of musics. The goal of this project is to give a logical reason(Mathematically) for liking some particular types of music genres. This project is going under supervision of Prof. Soubhik Chakraborty.

Statistical Analysis of Computer Algorithms.

This project was aimed at analysing the computer algorithms such as bubble sort and quick sort statistically according to their runtime.

SKILLS

C/C++, Python, JAVA,
Javascript. Numerical Data
Analysis, MySQL,
MS-Excel, Powerpoint

ACHIEVEMENTS

Secured All India Rank 274 in
IITJAM-2018(Mathematical
Statistics)

Secured All India Rank 249 in
IITJAM-2019(Mathematical
Statistics)
